

Frontera July 4th 1851

Cot J. D. Graham Head of the Scientific Corps of the
United States Boundary Commission.

Sir

I herewith enclose an enumeration of botanical specimens, collected by me for description. on the march from San Antonio to El Paso when not occupied by other duties which specimens are accompanied by numbers corresponding with those in the inclosed enumeration

Charles Wright
Ass. Computer to the Head of
the Scientific Corps

May - June 1851

- Texas
- Mission
- near by
- Kinney
- Wall Herds
- Crockett
- Texas
- Jeff Davis
- Ludlow
- El Paso

No	Names	Locality	Remark etc.		
1	Bougainvillea	Roadside	Stony prairie	Castroville - Sabinal indigenous	May 9
2	Dalea	Prairie		" "	" 11
3	Morus	Hills	4-8 ft high much	branching " "	" "
4	Gramineae	Prairie		" "	" "
5	Acacia Solanaceae	Banks of streams	Zuñi	Fl. light purple	" "
6	Agave	Rocky hills on the	Hondo	also near the Rio Leona Fl. wh. with a tinge of yellow	" "
7	Euphorbiaceae	Gravelly banks of the	Sabinal		" 12
8	Urticaria	"	" " " "	" "	" "
9	Pulea	Banks of the	Sabinal	2-3 ft high	" "
10	Momosa	Prairie from	Hondo - Sabinal	2 ft high ^{small thickets} forming	" "
11	Malva	Margin of thickets	" " "	" "	" "
12	Levinia nutans	Mesquit thicket on	Comanche creek		" "
13	Euphorbiaceae	Gravelly hills	Hondo - Sabinal		" "
14	Dipterocanthus	Prairie	" " "	" "	" "
15	Compositae	"	" " "	" "	" "
16	Mouva	"	" " "	Root tuberous	" "
17	Euphorbia	Thickets	" " "	" "	" "
18	Gaillardia	Hills of the	Hondo		" "
19	Euphorbiaceae	"	" " "	" "	" "
20	Pentstemon	Banks of the	Hondo		" "
21	Euphorbia	Prairie	Hondo - Gris		" 13
22	Oenothera	Declivities of the	Sabinal		" "
23	Malpighia	"	" " "	" "	" "
24	Yucca tortif?	"	" " "	" "	" "
25	Daylily?	"	" " "	Among rocks	" "
26	Physalis	Roadside	Hondo - Gris	Much branched from the root Fl. purple	" "
27	Compositae	Prairie	"	Fl. light purple	" "

No	Name	Locality	Remarks etc	Date	No	Name	Locality	Remarks etc	Date
28	Gradescentin	Prairies	Flowers - Fruit very smooth & glaucous	May 13	56	Euphorbiaceae	Rich prairies	Leona - Mueces	May 13
